

Wednesday 18<sup>th</sup> May 2011

**Docomomo International meeting with members from Docomomo Colombia**

Place: **Docomomo International Headquarters in Barcelona**

Time: **10:00am**

Participants: **Maria Pia Fontana, Miguel. Y. Mayorga (Colombia) and Ivan Blasi**

Docomomo Colombia has undergone some internal changes and the new Chair will be Maarten Goossens, replacing Paula Echeverri.

The working group will also be restructured with a minimum number of 10 International Members. Contacts will be done with specialists who have dealt with issues related to Modern Movement Architecture to encourage them to participate in Docomomo events and research projects. Cultural institutions, Museums and Libraries will also be contacted and invited to become part of Docomomo Colombia.

Any change regarding the headquarters which are now at the Universidad de los Andes, will be reported to Docomomo International in order to have a contact person who should deal with payment and will receive the Docomomo Journal.

Several fiches for the ISC/Registers have been produced in the last years but not sent to the Committee. A Docomomo Colombia Register will be set up and the information which could be important for the ISC/Registers will be sent to the Chair and Secretary of the Committee for their checking.

Meanwhile, Docomomo International, together with the ISC/Registers, is organizing the International Register.

Each Chapter has been asked to send 5 fiches on Health for the 2011 ISC/Register homework. Docomomo Colombia will send an outline of 5 buildings before the 1<sup>st</sup> July.

Docomomo Colombia also wants to strengthen its web page. It will organize, systematize and put order to the events, conferences, publications and research materials related to Modern Movement in Colombia and transfer them to the web page in order to evaluate the work done since 2006, when Docomomo Colombia was established. This will also allow it to have a perspective of the work which has done and prioritize future approaches.

Regarding Docomomo International's web page, direct links to the Chapter's pages are being established. Those events that each chapter considers most important may be published in Docomomo International's page.

In the next weeks more information regarding the 2012 International Conference in Espoo will appear as well as the Call for Papers.

Docomomo International is open to questions from its Chapters and members at [docomomo@miesbcn.com](mailto:docomomo@miesbcn.com) and Provença 318 Pral., Barcelona.

A similar report of the meeting, prepared by Maria Pia Fontana and Miguel Y. Mayorga, has been sent to Maarten Goossens and Docomomo Colombia.

Ivan Blasi  
Secretary General  
Docomomo International
